

June 2019

Dear Parent

**Re: Personal Development**

As part of the above subject and in line with Government guidance, students study a unit which includes lessons on Sex and Relationships.

Please be assured that this topic will be dealt with sensitively and professionally. The lessons have been designed to deal with issues appropriate to your child's Year Group, using resources specifically tailored for children at that age. Whilst we firmly believe that children benefit from the health and emotional guidance provided by the Sex and Relationships lessons, your child will not take part in them without your consent

In the case of any queries, please contact me at school.

Yours sincerely

Miss S Tomlin and Mr J Coles  
Personal Development Co-Ordinators
