Dear Parent

We would like to take the opportunity to allow your child to register and use the cashless system.

This system eliminates the need for students to carry cash because it will recognise the thumb of your child at point of sale at the till. Please be assured that the information taken is not the actual finger print of your child.

The cashless catering system provides an efficient, faster and better quality service. You will be able to make payments for trips and meals online using a secure website called ParentPay.

Yours sincerely
